## CREDIT UNION BOARD COMPETENCY FRAMEWORK *A Nomination Committee Tool*

The governing role defined in the Credit Union Act will require different board competencies to those traditionally employed. Boards will need to be comprised of complementary competencies capable of formulating and overseeing the achievement of the credit union's strategic objectives

To this end, our ***Credit Union Board Competency Framework*** serves as a Nomination Committee methodology to assemble future boards that are up to the many governance challenges they will face. This tool will enable the Committee conduct its recruitment, director development and performance evaluations in a coordinated manner.
